Ike Determined to Solve Farm Price Problem

By JACK BELL

WASHINGTON (AP) — Close associates say President Eisenhower is determined to solve the farm price problem as one of the first steps in carrying out his pledge of "constantly increasing prosperity for all."

In a radio-television report to the people last night, the President said his administration is using "every legitimate means available to the federal government" to maintain prosperity and will continue to do so as long as is necessary.

Asserting that his administration does not believe in a "boom-and-bust America" in which prosperity ebbs and flows, the President said the program he will lay before Congress in this state of the Union message Thursday will be keyed to federal help.

"It is a program that does not deal in pie-in-the-sky promises to all nor bribes to a few nor threats to any," he declared. "It is a program inspired by zeal for the common good, dedicated to the welfare of every American from whatever it means of livelihood may be or its social position or its ancestral strain or its religious affiliations."

In outlining the past year's accomplishments, he said ground-work has been laid to sustain basic prosperity "in the strong belief that the federal government should be prepared at all times — ready at a moment's notice — to use every proper means" toward that end.

He said a program of sound planning and aggressive enterprise must be accompanied by "a faith which cannot be shaken by self-appointed peddlers of gloom and doom" in America's growth and progress.

This was an obvious thrust at some Democrats, like Senators Douglas of Illinois and Kerr of Oklahoma who have said the country already is in a recession and may be headed for a real depression.

Eisenhower claimed a halt in to-boggling farm prices as one of the accomplishments of his administration in its first year. Presumably he referred to an Agriculture Department report last week which said that after months of decline averages farm prices are up slightly in mid-December.

Members of Congress said the President had stressed in conferences on his program the need for action on the farm front.

In this connection, it was reported that he will recommend in a special message on the subject next Monday action to clear away mounting crop surpluses as a prelude to stabilizing farm prices.

The government now has on hand about five billion dollars worth of farm products acquired in its price support program.

In a bid for bipartisan support, the President invited Democratic as well as Republican leaders to a White House briefing today on the foreign relations and national defense aspects of his message.

Similar moves were under way in Congress, almost evenly divided among the two parties.

Chairman Wiley (R-Wis.) announced that the Senate Foreign Relations Committee will sit down with Secretary of State Dulles Thursday afternoon for a secret review of the world situation.

Chairman Saltonstall (R-Mass.) announced Defense Department officials will brief the Senate Armed Services Committee "just as soon as possible" on details of the administration's new defense program.

In one late change in his speech last night, Eisenhower apparently sought to lay stress on actions already taken to ward off an economic decline, including a program

Mrs. Evans Is Notified Her Son Is Dead

Mrs. Mae Evans of Texarkana, formerly of Hope, has received word from the War Department that her son, Corp. Ulysses E. McCoy, has been declared dead.

Corp. McCoy joined the service in August 1949 and trained at Camp Chaffee. In February 1950 he was sent to Japan and on September 17 of that year he took part in the Inchon landing in Korea. On Sept. 28, he was wounded in the battle of Seoul but rejoined his outfit on November 17.

His last letter to his mother was written January 21, 1951. He was declared missing in action shortly after.

Besides his mother he is survived by a sister, Mrs. Glenna Murray of Skreppert, a brother, Jimmie McCoy of Texarkana and his grandfather, T. Y. Gibson of Patmos.

Park Commission Meets, Plans '54 Activities

The Park and Recreation Commission held its first meeting for 1954 to discuss past, present and future activities. The Commission reviewed the past year's program with the idea of finding good and bad points so as to provide a bigger and better recreation program for the coming year.

Budgetary plans, park improvements and increased activities for 1954 were also discussed and will be presented to the City Council in its early January meeting.

The Commission will present its annual report to the public early this month with the hope that more people will become aware of and become interested in its activities.

In addition to its regular activities the Commission is planning to sponsor a checker tournament in January and a bridge tournament in February. All checker and bridge players interested in these tournaments are urged to contact Charles Gough at the City Hall as soon as possible.

Test Seen in Battle for New Tax Cut

WASHINGTON (UP) — Key members of Congress said today President Eisenhower's leadership will get a severe test if he tries to fight a congressional move to vote new tax cuts in this election year.

They made the statement after Rep. Daniel A. Reed (R-N.Y.) announced that his Ways and Means Committee is giving top priority to proposals which would cost the government an estimated \$1,500,000,000 a year in taxes.

He called the group into session next Monday to consider a proposed major overhaul of the tax system that would bring tax benefits to working mothers, corporations, parents with income-earning dependents and taxpayers with heavy medical bills.

President Eisenhower has not revealed the tax recommendations he will make in a special message to Congress, but he has made it plain he is opposed to any proposals that would put new dents in the government's revenue.

Reed and Mr. Eisenhower clashed head-on last year over Reed's bid to cut personal income taxes in mid-1953 instead of last Jan. 1. The President won then but observers refused to predict the outcome of a new wrangle if congressmen are forced to choose between the President and election-year tax cuts.

Dierks Bank Trial Set January 18

ASHDOWN (AP) — Circuit Judge G. E. Steel yesterday set Jan. 18 for the trial of Mrs. Opal Simington and Thomas Westbrook, charged in a \$195,000 shortage at the Bank of Dierks.

The two were former officials of the now defunct bank. They were indicted on some 45 counts.

The trial will be held in the Little River County Court here on a change of venue from Howard County.

Meanwhile, at Fort Smith, Federal Judge John E. Miller said he will hear Friday a change of venue motion on a separate but related aspect of the case.

Former officers and directors of the Bank of Dierks have asked for a change of venue in a suit by the Federal Insurance Deposit Corporation for \$185,000 judgment.

The former officials are defendants in the suit in which the FDIC claims the officials were negligent in the shortage.

Mrs. Simington, Westbrook, bank directors T. R. Davis, Lewis M. Laver, Lydia G. Laver, Mrs. Lula Westbrook, all of Howard County, and George D. Westbrook of Sebastian County, were named defendants.

George D. Westbrook was the only defendant who did not ask that the suit be transferred from the Fort Smith Division to the Texarkana Division of the U. S. District Court of Western Arkansas.

Three Kentucky Men Shot to Death

HAZARD, Ky. (AP) — Three men were shot to death at Blue Diamond in Perry County early today, state police said, and the wife of a man sought in the shooting was wounded.

Police said the dead were Fitch Pollard, Sewell Fugate Jr. and Shafter Collins.

Mrs. Wylie Mullins was wounded and was brought to a Hazard hospital.

Police said her husband, Wylie Mullins, 21, was being sought for questioning.

Bulk of \$160,000 Stolen in Washington Found; No Clue in \$75,000 Amarillo Robbery

By RICHARD E. MOONEY

WASHINGTON (UP) — The bulk of the \$160,000 stolen from the heavily guarded U. S. Bureau of Engraving and Printing has been recovered on a Virginia farm and an arrest in the case is expected soon, officials said today.

Virginia state police said the money was found in a metal tool box on a farm near Centerville, Va. Centerville is in Fairfax County, one of the residential suburbs of Washington, but the farm is just across the line in Loudoun County.

Part of the money already had been spent, officials said. Two of the \$9,000 crisp new \$20 bills turned up in Washington today.

A high Secret Service official said he expected a "break" in the case soon.

Other sources said the arrest of a bureau employee was believed to be imminent.

Secret Service Chief U. E. Baughman, in charge of the investigation, had "no comment" on the reports but would not deny them.

He said he had "good cause" not to talk about the case at present, but indicated he might have an announcement late today.

"We have to work fast," Baughman added.

It was the biggest theft in the history of the sprawling engraver plant where add U. S. paper money is produced.

Recovery of the missing bills was reported as Secret Service agents prepared the detector tests for bureau employees who might have had opportunity to carry out the bold theft.

One of the crisp new \$20 bills was found by Isaac Jacobson, president of the National Prospector Co., as he was checking receipts around 8 a. m. EST. It caught his eye because of the high serial number.

Jacobson said he received the bill from a small grocery in Trukoma Park, Md. The Takoma Park grocer said he got it from one of his customers — whom he apparently identified to Secret Service agents.

The bill's serial number was B90253924A. One of those in the stolen batch.

The Secret Service refused to say where the other bill cropped up. But a high Secret Service official said.

"I think there may be a break soon."

AMARILLO, Tex. (UP) — Authorities investigating the disappearance of a canvas bag containing \$75,000 in \$5 and \$10 bills from the First National Bank said today they had no leads.

The bag disappeared yesterday after a teller put it and two others out to be picked up by an armored truck crew. One of the other bags contained mutilated money and the third \$9,000.

All bank employees were held long after closing time yesterday for questioning and a statewide pickup order was issued for a young white man, now known to bank employees. Who was seen in the bank shortly before the money was missed.

The missing bag was 20 inches long and was labeled with the name of the bank. With the money, it weighed 35 pounds, officials said.

Teller Mary Owens and R. E. Young, an armored truck guard, discovered the money was missing.

Leaders Seek Briefing on Military Plan

By ROWLAND EVANS JR.

WASHINGTON (AP) — Sen. Saltonstall (R-Mass.) said today top defense officials would be called "just as soon as possible" to give the Senate Armed Services Committee a detail briefing on new administration defense policies.

Saltonstall, chairman of the committee, voiced complete confidence in President Eisenhower's decision to withdraw two U. S. divisions from Korea.

That decision has been assailed by some Democrats, who planned to question the President about it at a White House session today.

But Sen. Stennis (D-Miss.) a member of the Armed Services Committee not invited to that conference said in a separate interview that a reported administration plan to reduce the size of the Army, Navy and Marine Corps was a "move in the right direction" and that he had no quarrel with the plan to reduce U. S. ground strength in Korea.

The 24 million dollars a year that tourists spend in Bermuda is about 85 per cent of the islands' total income.

Students believe that the making of glass is at least 5,000 years old.

State Price Index Shows Decline

LITTLE ROCK (AP) — The index of prices paid for Arkansas farm products fell three points, or 1.1 per cent, from Nov. 15 to Dec. 15.

The Cop Reporting Service said today that cotton, with a five per cent drop, led the decline.

Agricultural Statistician Miles McPeak said oil-bearing crops were down one per cent, and dairy products dropped less than a half of one per cent.

Prices for meat animals increased 5.4 per cent. Food grains were up 2.7 per cent; feed grains and hay, 1.7 per cent; and poultry and eggs, 1.4 per cent.

The service report said the price of milk cows increased \$5 per head, but the animals still are selling for 46 per head less than on Dec. 15, 1952. Hog prices advanced \$2.19 and lamb was \$1 higher per hundredweight. Beef cattle dropped 20 cents per hundredweight, but calves were up 40 cents.

Many Making Noises Like Candidates

By WILLIAM W. HUGHES

LITTLE ROCK (UP) — The major 1954 political races in Arkansas are shaping up early this year with the exception of prospective gubernatorial candidates who still are plagued by indecision.

Only Gov. Frances Cherry so far has said definitely he will be a candidate.

Former Mayor Ross Lawhon of North Little Rock, often mentioned as a possibility in the gubernatorial race, apparently removed himself from consideration today.

"I haven't even thought about it," Lawhon said. "It costs too much money to run for governor and I haven't got the 250,000 it takes to make the race."

Lawhon added that two years ago he might have made the race, but that "there isn't a chance" that he would do it this year.

Three state officials in the administration of former Gov. Sid McMath, however, are still making noises like candidates.

Former Revenue Commissioner Dean R. Morley refused to be quoted directly on his plans, but also refused to eliminate himself as a possible candidate. Morley indicated he might make his decision within the next month.

Texas Housewives to Continue Fight

By MARTHA COLE

MARSHALL, Tex. (AP) — Downed but not discouraged, the Marshall housewives are going to take their tax fight to Congress.

They never did want to collect social security taxes on the wages of their household servants — and they never did.

Now the U. S. Supreme Court, in a decision yesterday, said they had to do it. Two lower courts had said they had to do it, and the Supreme Court refused to hear their appeal.

The women said the tax wasn't constitutional. And through all the rebellion that started almost three years ago they have waited in their homes while internal revenue agents went into downtown banks to take the taxes due from their bank accounts.

"Where else can we go now?" asked Mrs. Carolyn M. Abney, spokesman for the group of 14 housewives and in whose name the suit was filed.

You read about fires that take the lives of persons but seldom are such tragedies brought home so abruptly as the one that took two lives early this morning in the "Hickory Shade community."

Fortunately three persons escaped without serious injury but it could easily have been five deaths... the first such tragedy in Hempstead in several years.

New Years day the big gymnasium at Elevens Training School for Negroes burned to the ground with a loss of about \$20,000 with only about \$10,000 in insurance... the cause was attributed to a cigarette carelessly tossed into a corner of the building and in a breakdown on fires in Hope during the past year Chief Pap Willis attributes 99 per cent of them caused by carelessness.

133 fire runs with 72 of that number being grass, trash and brush fires; 25 were to residential buildings, four at stores, one a storage building, three to other types of buildings, nine were listed "all others" such as autos, etc. and 19 runs were made to various blazes outside the Hope City limits.

So much property damage and now the loss of lives and most of them could have been prevented.

The last report from the statistics department of the State Board of Health lists 30 babies born in Hempstead county during the month and 16 were boys with only 14 girls.

Airman 2c James D. Wardlaw, son of Mr. and Mrs. Lester Wardlaw of Longview, formerly of this county, is now stationed at Furstentfeld Airbase in Germany.

Wardlaw was trained at Lackland Field, Warren AFB, at Cheyenne, Wyoming and Norberg School in Milwaukee.

Ellender Wants McCarthy's Budget Slashed

By G. MILTON KELLY

WASHINGTON (AP) — Sen. Ellender (D-La.) said today he will appeal to the Senate to "cut down to size" the spending budget of Sen. McCarthy's permanent investigations subcommittee.

Simultaneously, four newspapers reported that the Eisenhower administration has been urging McCarthy (R-Wis.) to concentrate on investigating waste and corruption, leaving searches for subversives primarily to others, and that McCarthy is said to have agreed.

Accounts to that effect were carried by the New York Times and Herald Tribune, the Washington Post and the Baltimore Sun.

The Post quoted administration leaders it did not name as saying McCarthy had been urged to give "greater attention to legislative needs directing his investigation more at waste, inefficiency and corruption — and leaving most of the Red hunting to the group created to do that — the Senate internal security subcommittee."

The Post continued: "McCarthy reportedly has indicated he will follow this line, but how far he will follow it is unknown."

"At the beginning of the last session of Congress, it would be recalled there was also a series of moves aimed at curbing McCarthy's activities. None of them materialized."

McCarthy, out of the city, was not immediately available for comment. He said last week "digging out communism" was not the "primary purpose" of his subcommittee, and that it has been careful to check with the Senate internal security subcommittee to avoid duplication.

"If in our investigations we find subversive elements in government which would prevent the government from operating properly, and no other congressional group is investigating, then we go ahead," he said.

Wisconsin senator, he said, he will ask the Senate to increase, by an unspecified amount, his committee's \$200,000 budget for 1953. He said he wanted to expand the investigating staff. Recently he announced he was broadening his activities to take up the handling of some federal tax cases.

"As far as I'm concerned," Ellender said in an interview, "he should not even get anything like last year's spending authorization. I'm going to make another effort to have it cut down to size."

Ellender for years has contended that most congressional committees spend too much money. But he has had little success in cutting their budgets. He said he will have a lot to say "about this shameful waste of money, spending unnecessary sums for unconscionably large staffs."

Autos Damaged in Wreck Here

Automobiles driven by Ethridge McWilliams and Charlene Burke collided yesterday at West Third and South Hervey Streets with heavy damage to both vehicles resulting, according to investigating City Police.

For Jan. 59: Arkansas: Temperature will average slightly below Normal Normal minimum 25 48. Normal maximum 46-63. Cooler Tuesday night and Friday.

2 Persons Perish When Fire Razes Home Near Hope, 3 Others Escape

Ambrose New President of Hope Chamber of Commerce; Named by Board of Directors

Ben Owen

The Hope Chamber of Commerce begins the new year with K. E. Ambrose as president for 1954. Ambrose was elected at a Chamber Board of Directors meeting in the Chamber office.

K. E. Ambrose was born in Missouri, Oklahoma, and grew up there in the Ice Plant, of which his father was manager. He was with the Southern Ice Company for thirty years and managed plants in Texas, Oklahoma, and Arkansas. The last plant he managed was in Ada, Oklahoma. He was charter vice-president of the Rotary Club in Midland, Texas, and has been a rotarian in all of the various places where he has lived.

He was president of the Ada, Oklahoma, Rotary Club. He served two terms as president and also served on the Board of Directors of the Aeronautics Committee of the Midland, Texas Chamber of Commerce.

He served here when Midland was designated as an Army Air Way Station. He has served on the Malvern and DeQueen Chamber boards and was president of the Ranger Texas Chamber of Commerce for two years. In 1947 he served as president of the Oklahoma Ice Manufacturing Association. He came to Hope in 1948 and for two years served as president of the Arkansas Dairy Queen Association. Mr. Ambrose is a member of the First Christian Church.

In assuming the duties, Ambrose stated that he would do the best that he could to serve the Chamber

of Commerce as president in a creditable fashion. "However," he said, "if much is accomplished, our entire community and each individual. This is not a one-man show."

Four new board members began their three year terms this year. They are Frank King, Norman Moore, Henry Haynes, and Fred Robertson. The eight remaining members are E. J. Whitman, Sybil Burke, Frank Douglas, Claude Tillery, J. I. Liebling, Fred Gresham, Talbot Field, Jr. and K. E. Ambrose, president.

Ben Owen, the retiring president, has served in that capacity for two years. In those two years Owen has devoted much time, effort, and money toward the development of Hope and Hempstead County.

In appreciation of his fine work on the board of directors passed a unanimous resolution of thanks to Ben Owen for a job well done.

"It has been a real pleasure and honor to serve the Hope Chamber of Commerce as president," stated Owen. "The entire board and membership have given us very fine cooperation during these two years. It is my feeling that a great deal has been accomplished. Of course, we never get done, in a civic way, what we would like to and should."

"I wish for Kenneth Ambrose, the new president, the best of luck and greatest success. I wish for him even better cooperation and support from the membership, and I know he will lead us in a good year."

Friday Final Day to Report Conservation

Friday, January 15, 1954, is the final date for reporting conservation practices carried out under the 1953 Agricultural Conservation Program to the county ASC Office.

All practices carried out last year and not reported by this date will not qualify for payment. Therefore, it is very important that all farmers carrying out one or more approved practices in 1953 to report to the county office at the earliest possible date but in no event later than January 15. To fail to do so, will result in losing any payment that may otherwise be due.

Producers should bring supporting evidence with them such as invoices, seed tags, and analysis reports for all seed and other material not furnished under purchase order. These requirements must be met before the practices will qualify for assistance.

All stock ponds built under the 1953 program must be completed before they will qualify for assistance. To meet program specifications the entire down stream slope above water line must be seeded or sodded to perennial vegetation such as Bermuda, Dallas, Sericea Farmers constructing ponds in 1953 who have not already met these supplemental condition are urged to do so and report to the county ASC office as soon as practicable.

In the event this work has not been done it is requested that farmers report performance to the county office prior to January 15 and complete the vegetative work as soon thereafter as possible.

All producers are urged to remember that Friday, January 15, 1954 is the final date for reporting practices carried out under the 1953 Program and report to the county office by not later than that date.

MARKETS

NEW YORK STOCK
NEW YORK K — Selective strength today put the Stock Market higher.

Some gains went to around 2 points. The great bulk of the list changed fractions either way with the plus signs predominating. Chrysler topped the advancing motoring with a 2-point rise. Most steels were higher as were railroads, coppers, rubbers, utilities, chemicals, aircrafts, farm implements, and building materials.

POULTRY AND PRODUCE

CHICAGO (M) Live poultry steady; receipts 443 coops; f.o.b. paying prices unchanged to 3 cents higher; heavy hens 2030; light hens 19-20; fryers or broilers 20-21; old roosters 17-19; ducklings 30; tom turkeys 2020; hen turkeys 1-0; chicks 20.

Butter barely steady; receipts 1,406,184; wholesale buying prices unchanged to 1/4 lower; 83 score AA 65; 92 A 62; 90 B 63; 89 C 62 1/2; cars 90 B 63.5; 89 C 62.75. Eggs steady; receipts 15,240; wholesale buying prices unchanged to 1/4 higher; U. S. large 46; U. S. mediums 44; U. S. standards 44.5; current receipts 4242.5; checks and dirties 41.

NEW YORK COTTON

NEW YORK (M) Cotton futures were steady in slow dealings to day. The market displayed mild rallying tendencies but aggressive buying was discouraged by hedging in near months by leading spot firms.

Late afternoon prices were 5 to

25 cents a bale higher than the previous close. March 33.21, May 33.45 and July 33.31.

GRAIN AND PROVISIONS

CHICAGO (M) — Wheat spurred on the Board of Trade today in response to developments in the export field.

Sales of wheat to Mexico and news Spain could be added to West Germany as a country wanting a substantial amount of wheat in the near future brought buying into the bread cereal.

Other grains also moved higher. Corn and oats firmed on light cash grain receipts.

Wheat closed 2 to 3 1/2 higher, March 2.8 1/4, corn to 1 cent higher, March 1.55 1/4, oats 1/2 higher, March 79, rye 2 to 7 1/2 higher, March 1.21 1/2, soybeans 1 1/2-2 1/2 higher, January 3.6 9/4-1/4. Cash wheat: None. Corn: No. 1 yellow 1.58 1/2-59; No. 2 1.58 1/2; No. 3 1.55 1/2-50 1/2; N 1 157 1/4; sample grade 1.51 1/2. Oats: None. Soybeans none.

Barley nominal: Malting 1.8002; feed 80-1.18; field seed per 100 lbs nominal: White clover 9.00-9.50, red top 57.00-58.00; alsike 15.00-16.00; timothy 11.50-12.00; red clover 24.00-25.

Cattle 5,500, calves 1,000; opening slow on steers; relatively little done; heifers and mixed yearlings about steady, largely commercial and good at 15.00-19.00; sows moderately active and steady to all interests; utility and commercial 10.50-12.50; few 13.00; cubs and cutters 8.00-10.50; bulls unchanged; utility and commercial 10.00-12.50; cutters largely 10.00-12.50; vealers steady; good and choice 11.00-13.00; individual head prime to 25.00; commercial and low good 17.00-24.00; two loads high choice and prime 1.279 lb steers late yesterday at 25.25.

Sheep 1,500; opening active and strong on lambs; some sales 2 1/2 higher than yesterday; top 25.25; early sales choice and prime woolskins 20.50-21.00; some merely good lambs down to 18.00; deck utility and good 17.50; part deck mostly choice No. 1 skins 19.00; slaughter ewes steady at 3.00-5.00.

Ike Determined

Continued from Page One

to funnel some defense work into areas where there is large unemployment.

As distributed by the White House, the President's text had him giving assurance that "every legitimate means available to the federal government that can be used to sustain ... prosperity for this purpose — will be used — if necessary."

Later, the text was revised and the President changed the wording slightly again in delivering it to say that every such means "is being used and will continue to be used as necessary."

The President expressed confidence that the program he will request of the session of Congress which opens tomorrow will merit the approval of the people. He said he hoped it would enlist support in both parties because of "its purpose of promoting the well fare of the people."

Observing that no group of Americans can prosper unless all Americans prosper, he cautioned against division into factions and hostile groups.

"We believe that the slum, the outdated highway the poor school system — the deficiencies in health protection, the loss of a job and the fear of poverty in old age — in fact any real injustice in the business of living — penalizes all of us," he declared.

Many Making

Continued from Page One

Former Public Service Commissioner Howard Gladder said he was still thinking about making the recent.

Former Highway Director Orval Faubus of Huntsville said any statement removing him definitely from the race might be "erroneous."

Meanwhile, a veteran state legislator who declined use of his name, said that several political groups were seeking agreement on the entry of a "dark horse" in the gubernatorial sweepstakes.

The only "dark horse" yet to appear on the horizon, however, is Arkansas Farm Bureau Federation President Joe Hardin of Grady. Hardin has been mentioned as a possibility by others, but never by himself.

The picture already is clearing up, however, in several other state races.

The U. S. senatorial race will feature John L. McClellan's bid for reelection against McMath. McClellan already has filed his candidacy and McMath is expected to

follow suit next month.

Unless a strong candidate is entered against Cherry, the senatorial contest is likely to overshadow any gubernatorial race in the offing. For this reason, observers are beginning to wonder if McMath will stick by original plans to persuade one of his political allies to run against Cherry.

The initial plan in the McMath camp was to find someone to keep Cherry busy enough that he would not help old friend McClellan. But Cherry subsequently has said he will keep hands off the senatorial race whatever develops.

Lieut. Gov. Nathan Gordon has said he will run for reelection, and it is doubtful that anyone will seek to unseat the man who is seeking a fifth term and whose political popularity has become something of a legend.

Nor is any serious opposition expected to develop for any of the other state constitutional officers he will run against Gentry.

Mr. Joda McGuire of Prescott will be guest speaker, and will show a film of Prescott's Christmas parade. All members and friends are invited to attend this meeting.

Friday January 8, 1954

The Camellia Garden Club will meet on Friday, January 8, at 2 p. m. in the home of Mrs. H. E. Patterson with Mrs. Robert Rider as co-hostess. Each member is asked to bring a berry or dried arrangement.

Mrs. Carrigan Hostess to Circle 3

On Monday afternoon, January 4, Circle 3 of the W. S. C. S. of the First Methodist Church met in the home of Mrs. Steve Carrigan, Jr. The leader, Mrs. Jolly Byers, opened the meeting with prayer for peace taken from "The World Outlook". The minutes of the previous meeting were read and approved. Ways of making money to buy life memberships in the W. S. C. S. were discussed. Roll call and payment of dues followed.

Mrs. Ward gave assignments on the Book of Jeremiah to begin at the February meeting. Mrs. Cecil Weaver presented the following program: Hymn, "Love Divine," sung in unison; devotional presented by Mrs. McCabe; interesting remarks about Southwest Asia given by Mrs. Ward and Mrs. Weaver; Scripture reading by each member teaching us on the love that never fails; hymn, "Blest Be The Tie That Binds;" and closing prayer by Mrs. Weaver.

Mrs. Carrigan served cake, salted nuts and Russian tea to the members.

WSCS Circle 1 Meets in Smith Home

Circle 1 of the W. S. C. S. of the First Methodist Church met on Monday afternoon, January 4, in the home of Mrs. Ralph Smith with Mrs. Curtis Moran as co-hostess.

The president, Mrs. Webb conducted the business session. The treasurer, Mrs. Smith, gave a financial report and collected dues.

Mrs. Moran had charge of the program. Those assisting her were Mrs. J. W. Perkins and Mrs. C. V. Nunn, Sr.

The hostesses served cake and coffee to 14 members.

Baldwin-McMillan Marriage Announced

During the Yuletide season, Miss Betty Ann Baldwin daughter of Mr. and Mrs. Claude M. Baldwin of Texarkana, Arkansas, became the bride of Donald Grey McMillan, Jr., son of Mr. and Mrs. Donald Grey McMillan, Sr., of Emmet, Arkansas, in a double ring ceremony solemnized at 7:30 o'clock on Tuesday evening, December 22 at the home of the bride's parents with the Reverend James G. Harris officiating.

Proceeding the ceremony, Miss Janice Landsdale played "Always," "I Love You Truly" and the traditional wedding marches.

Vows were exchanged before a mantel decorated with white stock white gladioli and candlestick arranged in the shape of a large fan. Large mecca palms flanked the mantel and furnished greenery for the seven branched candelabra.

The bride given in marriage by her father, chose a street length, semi-formal slate-blue taffeta dress sprinkled with rhinestones. She wore a matching hat covered with tiny flowers and carried a bridal bouquet of gardenias surrounded by feather carnations showered with love knots which fell to the hem of her skirt. The traditional something old, new, borrowed and blue was carried out.

Miss Jean Mullins, maid of honor and the bride's only attendant, wore a street length dress of red velvet. Her hat of white was sprinkled with pearls and rhinestones. She carried a crescent bouquet of Picardy glamelias and light gold bubble balls.

Donald Grey McMillan, Sr. served his son as best man.

For her daughter's wedding, Mrs. Baldwin chose a brown crepe dress trimmed with rhinestones with matching accessories. Her corsage was of small yellow mums.

Mrs. McMillan, mother of the groom, wore a light brown suit with matching accessories and her corsage was of small bronze mums.

Immediately following the wedding a reception was held in the dining room. The table was covered with a white linen cloth, and in keeping with the Christmas motif a large ring of spruce, white carnations and Christmas balls held the burning tapers. Spruce greenery was used around the punch bowl and the two-tiered wedding cake.

Mrs. R. E. Westbrook served the cake and Miss Evie Allen presided at the punch bowl.

Mrs. Martin Clem was in charge of the guest book.

After a short wedding trip, Mr. McMillan returned to Wilmington Delaware where he is stationed with the U. S. Air Force Mrs. McMillan will follow at an early date.

Mrs. McMillan, a descendant of a pioneer Texarkana family is a graduate of Arkansas High School, attended Southern State College in Magnolia; and is a graduate of Texarkana Junior College. She is a member of the Beta Sigma Phi Sorority and the Order of the Eastern Star.

Mr. McMillan is a graduate of Hope High School, attended Southern State College in Magnolia and is attending the University of Delaware.

Coming and Going

Mrs. Anna Judson has returned home after a two weeks holiday with her daughter, Mrs. L. E. Talley and family in Beaumont, Texas. She was also getting acquainted with her great-grand child, Laurie Wynn Adam.

Jack White left Monday for Monroe, Louisiana, after spending the

This 1954 Ford Crestline Fordor sedan—new this year—has interior beauty and new power assists usually found only in costly limousines. Its smart new grille has a characteristic Ford center spinnler, recessed parking lights and jet-type air scoop. Like all 1954 Ford passenger cars, it has new ball-joint front suspension for easier handling and the choice of either Ford's completely new 130-h.p. V-block V-8 engine or the new 115-h.p. I-block Mileage Maker Six. For ease and driving pleasure it has power steering, power brakes, power operated windows and front seat, plus Fordomatic or overdrive, available at extra cost.

1954 Fords on Display at Hope Auto Co.

The 1954 Ford passenger cars, to be introduced to the public in Ford dealers' showrooms all over the nation and in Hope at the Hope Auto Co. Wednesday, January 6, will feature the following Ford exclusives in the high volume field.
 An entirely new 130-h. p. V-block V-8 engine with overhead valves.
 A new U.S. 1-block Mileage Maker Six engine, noted for economy.
 New ball-joint front suspension which Ford engines call the great-est advance in front suspension in 20 years.
 The Skyliner—an entirely new hardtop model with tinted, transparent plastic roof over the driving compartment.
 A smart new Ford Sunliner convertible with an unusual transparent plastic panel inserted in the top over the front seat to provide over-head visibility.
 Four new power-operated driving assists: Power brakes, power steering, 4-way power seat, power-lift windows.
 Fordomatic transmission.
 The two new Ford engines for 1954 the V-block V-8 and the I-block Mileage Maker Six were designed expressly to lead their respective fields and have been under development for the past six years.
 L. D. Crusoe, vice-president, Ford Motor Company and general manager of Ford division said.
 "It always has been Ford's policy to design and build engines that set the pace for years ahead. Ford was the first to offer a V-8 engine in the low price field and although the majority of expensive cars joined the V-8 parade, Ford today is still the only car in its price class to have V-8 power.
 "For 1954 Ford has perfected two new engines that are as far ahead in their field as the original V-8 was in its day. They represent the greatest power advances since the original Ford V-8 and they have the benefit of Ford 'know-how' gained in building more than 16 million V-8 engines during the past 22 years."

The following students of A. M. and N. College in Pine Bluff have returned after spending the holidays with their parents: Miss Eva P. Frierson, Miss Novis Williams, Miss Dorothy J. Strouther, Misses Charlie and Rosie Brandon Chester Bowles and Fredrick Newton.

R. D. George, Bobby Jean Robinson and Carolyn Hamilton motored to Stamps Sunday to attend the funeral of Mr. George's uncle, Hersey Johnson.

Mrs. Alberta Allen of Los Angeles, Calif., Mrs. Dore Kimble and Mrs. Erma B. Ross and daughters, Peggy and Deborah of Magnolia were the Sunday guests of Mr. and Mrs. R. D. George and Mrs. Carlie Manus.

Keystone Lodge No. 43 will meet Tuesday night, January 5, at their regular meeting place. All members are urged to be present.

Prentiss Otis Muldrow of Detroit, Mich. is visiting his grand parents, Mr. and Mrs. Tom Langston.

Yankees Called Team of Year

NEW YORK (AP) — The New York Yankees who won an unprecedented fifth straight American League pennant and followed up with their fifth consecutive world series championships were voted the outstanding team of 1953 today in the 23rd annual Associated Press year-end poll.

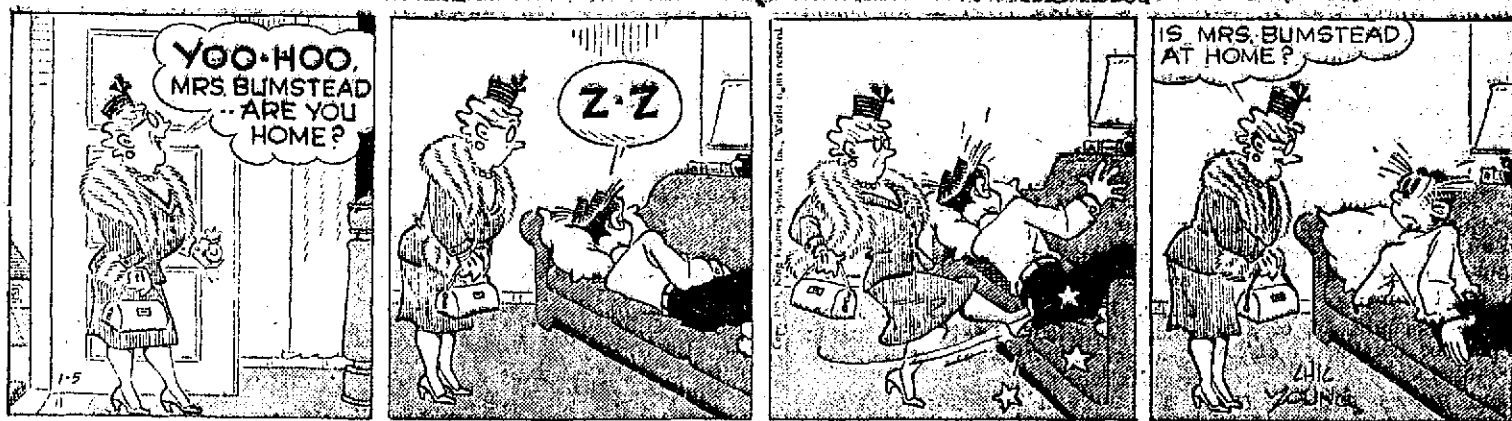

As they have monopolized baseball, so have the Bronx Bombers swept top honors in the AP poll, for this is the fourth consecutive year that Casey Stengel's men have been voted "Best Team of the Year."

It was a runaway for the Yankees, who received 79 first place votes from a total of 125 ballots cast by the nation's sports writers and sportscasters.

The Yankees, who defeated the Brooklyn Dodgers in the world series 4 games to 2 rolled up 289 points on a 3-2-1 basis.

'54 FORD the "worth more" car declares a dividend

STYLE DIVIDEND

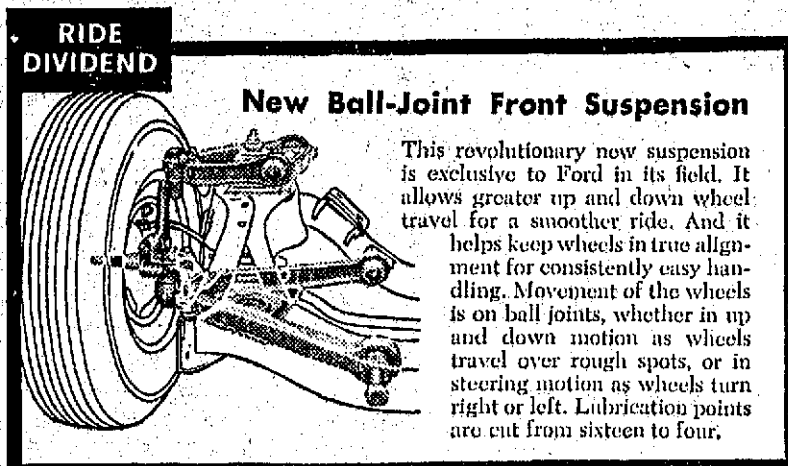

3 distinctive lines — 14 brilliant body styles

You just ought to try the '54 Ford... the car that brings a whole new set of value features to the low-price field. You'll find that each new feature is an extra dividend in driving enjoyment. And each new dividend establishes Ford, even more in '54, as the "Worth More" car.

You get a special dividend in styling, for example, with Ford's distinctive new appearance... smooth, clean lines. You get sparkling new interiors, too, that are a dividend in themselves. New custom-selected upholstery and trim are color-harmonized with your choice of glamorous new body colors. And Ford's new Astra-Dial Control Panel is not only the most beautiful you've ever seen... it's designed for safety, too, with the speedometer located high on the control panel, where it's more nearly in your line of sight.

And each of the new Fords gives you special dividends in ride and performance... with new Ball-Joint Front Suspension, the greatest advance in chassis design in 20 years... with your choice of Ford's new low-friction Y-block V-8 or I-block Six, the most modern engines in any car today! And, as an additional dividend, Ford makes available all the power assists you might expect to find only in the costliest cars.

With 28 brilliant new models to choose from, you'll find the exact car to suit your tastes and requirements. Come in and see the '54 Ford. Test Drive it. Once you try it, you'll want to drive it home.

RIDE DIVIDEND

New Ball-Joint Front Suspension

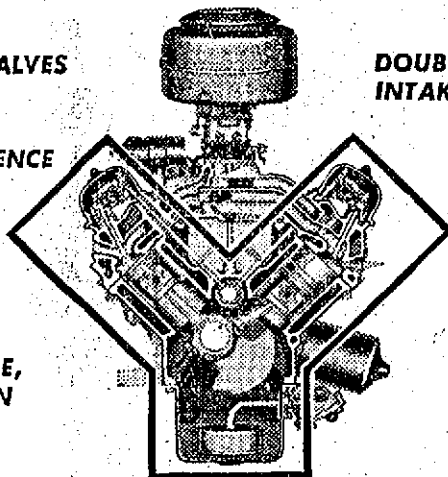

This revolutionary new suspension is exclusive to Ford in its field. It allows greater up and down wheel travel for a smoother ride. And it helps keep wheels in true alignment for consistently easy handling. Movement of the wheels is on ball joints, whether in up and down motion as wheels travel over rough spots, or in steering motion as wheels turn right or left. Lubrication points are cut from sixteen to four.

The new 130-h.p. Y-block V-8

OVERHEAD VALVES

HIGH-TURBULENCE COMBUSTION CHAMBERS

DEEP-CAST "Y" BLOCK

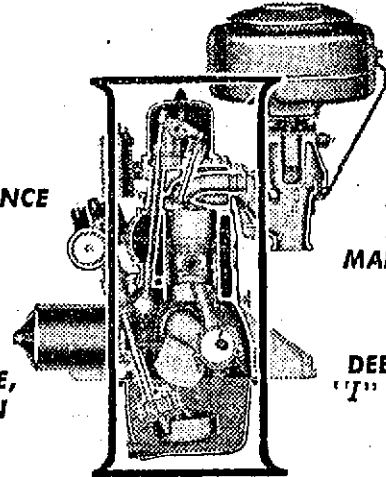

PERFORMANCE DIVIDENDS

The new 115-h.p. I-block SIX

OVERHEAD VALVES

HIGH-TURBULENCE COMBUSTION CHAMBERS

SHORT-STROKE, LOW-FRICTION DESIGN

4-PORT INTAKE MANIFOLD

DEEP-CAST "I" BLOCK

The greatest engine advances since the original FORD V-8

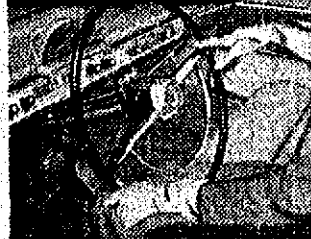

TWENTY-TWO YEARS AGO Ford introduced to the low-price field a fine-quality precision-engineered V-8 engine. This basic design — soon to become famous throughout the world — quickly established a new standard of performance for low-priced cars. And now, with its 22 years' experience in building over 13,000,000 V-8's, it is only logical that Ford is first in its field to introduce a brand new type of V-8 — the Y-block V-8... together with the most modern Six in the industry — the new and advanced I-block Six.

Both new 1954 Ford engines have overhead valves for most efficient high-compression operation on today's fuels. Valves are free-breathing to give

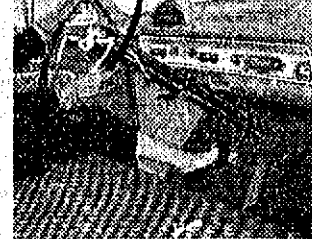

you the most GO... free-turning to seat tightly and maintain high compression. Both engines have a deep-cast block with skirt that extends well below the crankshaft for greater strength and rigidity... smoother, quieter performance and extra-long engine life. Their modern short-stroke, low-friction design cuts friction losses... gives you more usable horsepower, more miles per gallon of gasoline. And new high-turbulence combustion chambers assure a more thorough mixing of fuel and air for faster, more efficient firing of fuel.

Plan to Test Drive a '54 Ford. You'll find these new Ford power plants stand out as the greatest engine advances since the original Ford V-8.

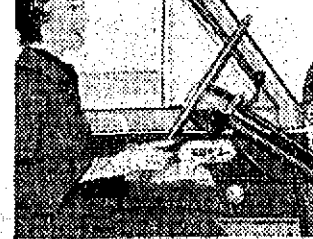

DIVIDEND IN DRIVING EASE

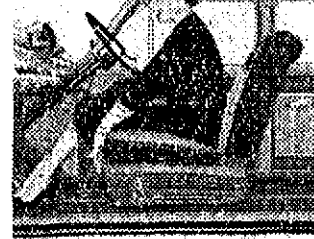

Master-Guide Power Steering
It does up to 75% of your steering work for you when you need it... makes "light spot" parking a pleasure. Yet it leaves you with the normal feel of steering on the straightaway.

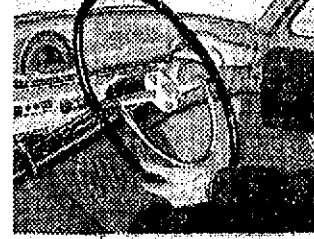

Swift Sure Power Brakes
Power does up to one-third of the work of stopping your car for you! You are far less fatigued... much more relaxed in the stop and go driving of today's congested traffic.

Power-Lift Windows
Smooth, silent electric power opens or closes windows at the touch of a button. There's a master control on left front door beside driver plus an individual control under each power window.

4-Way Power Seat
You push one of two controls and the front seat goes up or down... push the other and it goes front or back. It's a real convenience when different-sized people have to drive the same car frequently.

Fordomatic Drive
Gives you the most versatile automatic shifting ever. You get the smoothness of a fluid torque converter, the "go" of an automatic intermediate gear. Ford also offers gas-saving Overdrive.

Make tomorrow your day for a Test Drive
